

REMARKS

Applicant's attorney of record, Ronald W. Hind, sincerely appreciated the courtesy extended to him by Primary Examiner, John Rivell, in the telephone conference of September 28, 2005.

In accordance with the Examiner's helpful suggestions the parenthetical expressions (M) and (N) have been deleted from independent claims 1, 6 and 11.

Also, with respect to independent claim 11 the phrase above a bottom of the trap has been used to amend the location of the connection of the duct.

Independent claims 1 and 6 have been similarly amended.

Finally, dependent claims 12 and 13 relating to duct size and an alarm, respectively have been added to independent claim 11.

It is believed that all of the claims are in condition for allowance and a formal Notice of Allowance is courteously requested.

If there are further points that the Examiner wishes to discuss, he is cordially invited to call the undersigned.

Respectively Submitted,

Ronald W. Hind
